(3) If UTRF’s Available Cash is less than the Reserve in effect at that time, UTRF shall retain Fifty percent (50%) of Net Revenue.

(4) If UTRF’s Available Cash is greater than the Reserve in effect at that time:

If all the Originators do not agree on the division of the Originator(s)’ Share within a reasonable time, the division of the Originator(s)’ Share among the Originators will be determined by UTRF. Such decision by UTRF shall be subject to modification by UTRF upon the subsequent addition or removal of Originator(s), but shall otherwise be final.

SECTION 4. Multiple Departments or Multiple Campuses / Institutes.

If multiple academic departments or multiple campuses/institutes are represented in a single Disclosure due to the respective affiliations of the Originator(s), the share of Net Revenue (or Excess Net Revenue) that is due to these organizational units shall be divided among them in the same percentages as those established for division of the Originator(s)’ Share under Section 3. If a single Originator is affiliated with multiple departments or multiple campuses/institutes, unless the Originator designates one of them to receive his or her entire share, they will each receive a pro rata portion of his or her share.
SECTION 5. Securities.

Securities received as consideration for a Commercialization Agreement do not constitute Revenue. If and when such Securities are sold by UTRF in exchange for cash, such cash revenues will constitute Revenue and will be distributed in accordance with the provisions of this policy.
